DETAILED ACTION

This application was filed 9/25/2003 and is a DIV of 10/220803 (filed 9/5/2002, ABN) which is a 371 of PCT/JP01/01618 (3/2/2001) which claims foreign priority to JP 2000-62012 (3/7/2000). Claims 9-16 and new claims 17-20 are before the Examiner.

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 9-16 and now claims 17-20 are/reject under 35 U.S.C. 102(b) as being anticipated by Hirai (JP 04077476). The rejection is maintained for reasons of record.

Applicants argue that since Hirai fails to teach the treatment of ulcers by inhibiting urease or H. Pylori activity, then the rejection falls. For inherency to stand, the same patient population must be treated. The patient population being treated is people with ulcers. This is the same population. The same compound is being used to treat the same patient population for the same end treatment (ulcer). The method of treating ulcer in a patient using the same prior art compound would inherently inhibit urease

activity and helicobacter pylori activity or any mechanism of action. The mechanism of action fails to set a demarcation from the prior art method of using the same compound for treating the same disease in the same patient population. Due to this, the rejection is upheld.

Conclusion

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
